Revision 11/1/21

If at any time you'd like to be added to (or taken off) the distribution of our popular, free Media Balance Newsletter, simply send me an email saying that.

Note 1: We recommend reading the Newsletter on your computer, not your phone, as some documents (e.g. PDFs) are much easier to read on a large computer screen... We've tried to use common fonts, etc. to minimize display issues.

Note 2: For recent past Newsletter issues see 2020 Archives & 2021 Archives. To accommodate numerous requests received about prior articles over the twelve plus years of the Newsletter, we've put together archives since the beginning of the Newsletter — where you can search by year. For a detailed background about the Newsletter, please read this.

Note 3: See this extensive list of reasonable books on climate change. As a parallel effort, we have also put together a list of some good books related to industrial wind energy. Both topics are also extensively covered on my website: WiseEnergy.org.

Note 4: I am not an attorney or a physician, so no material appearing in any of the Newsletters (or the WiseEnergy.org website) should be construed as giving legal or medical advice. My recommendation has always been: consult a competent, licensed attorney when you are involved with legal issues, and consult a competent physician regarding medical matters.
