Note 1: We recommend reading the *Newsletter* on your computer, **not** your phone, as some documents (e.g., PDFs) are much easier to read on a large computer screen… We've tried to use common fonts, etc. to minimize display issues.

Note 2: For past *Newsletter* issues see the archives from: 2020 & 2021 & 2022 & 2023. To accommodate numerous requests received about prior articles over all thirteen plus years of the *Newsletter*, we've put this together — where you can search ALL prior issues, by year. For a background about how the *Newsletter* is put together, etc., please read this.

Note 3: See this extensive list of reasonable books on climate change. As a parallel effort, we have also put together a list of some good books related to industrial wind energy. Both topics are also extensively covered on my website: WiseEnergy.org.

Note 4: I am not an attorney or a physician, so no material appearing in any of the *Newsletters* (or any of my websites) should be construed as giving legal or medical advice. My recommendation has always been: consult a competent, licensed attorney when you are involved with legal issues, and consult a competent physician regarding medical matters.
