Note 1: We recommend reading the *Newsletter* on your computer, **not** your phone, as some documents (e.g., PDFs) are much easier to read on a large computer screen... We’ve tried to use common fonts, etc. to minimize display issues.

Note 2: For past *Newsletter* issues see the archives from [2022](#), [2023](#), [2024](#), & [2025](#). To accommodate numerous requests received about prior articles over all fifteen plus years of the *Newsletter*, we’ve put [this](#) together — where you can search ALL prior issues, by year. For a background about how the *Newsletter* is put together, etc., please read [this](#).

Note 3: See this extensive [list](#) of reasonable books on climate change. As a parallel effort, we have also put together a [list](#) of some good books related to industrial wind energy. Both topics are also extensively covered on my website: [WiseEnergy.org](#).

Note 4: I am not an attorney or a physician, so no material appearing in any of the *Newsletters* (or any of my websites) should be construed as giving legal or medical advice. My recommendation has always been: consult a competent, licensed attorney when you are involved with legal issues, and consult a competent physician regarding medical matters.
