

2022 Media Balance Newsletters

(2300± Studies, Reports & Articles on Energy, Environment, Education, etc.)

The Alliance for Wise Energy Decisions (AWED) is an informal coalition of individuals and organizations interested in defending citizen's rights by improving national, state, and local technical policies, worldwide. Our premise is that technical matters (like climate change, COVID-19, etc.) should be addressed by using **Real Science**.

A key element of AWED's efforts is public education. Towards that end, every two weeks we put together a detailed *Newsletter* (a collection of recent relevant articles, reports and studies), to try to balance what is found in the mainstream media, about a wide range of national-interest issues. We believe that citizens can't effectively defend their rights unless they are educated about the societal options we have.

To review and research the last 13± years of our *Newsletter*, see [this](#). For just 2021 see [here](#). The purpose of this extensive compilation is to make it easier to search for pertinent studies, reports and articles on a specific topic (e.g. wind energy interference with the military). It is advisable to try multiple search words — e.g. military, army, navy, etc. (*Search terms are case-insensitive on this PDF document.*)

Note 1: The *Newsletters* complement what is on AWED websites: [WiseEnergy.org](#), [Election-Integrity.info](#) and [C19Science.info](#).

Note 2: For links to other excellent sources of articles on Energy and Environmental matters please see the "[Current News](#)" page on our [WiseEnergy.org](#) website. See also our list of quality books on [Climate Change](#) and [Energy](#).

Note 3: If you'd like your own personal (free) copy of this unique *Media Balance Newsletter*, please email John Droz [aaprjohn at northnet dot org] and simply ask.

Note 4: We originally verified that all the links below worked — but over time these can change. If you find any errors, please email John Droz [aaprjohn at northnet dot org] and we will try to make corrections. This is **Revision: 5-22-22**.
